

Science Series for Home Schools

6 to 9 year olds

During this six-week series, explore marsh, meadow and forest to learn about a wide range of science topics: patterns of cycle and change, plant parts and characteristics, animal life needs, observation and the five senses, and how objects are classified. Students must have good reading and writing skills and be comfortable working in a group. Class meets on Wednesdays from 1:30 – 3:00 pm September 22 and 29, October 6, 13, 20, and 27. \$45 Reservations required.
